NORMAN REECE

The whole village was saddened to hear of the death of Norman Reece on February 28th. at his home, Trefreock Farmhouse.

The funeral service at Roscarrock Hill Methodist Church on March 5th. was fully attended, showing how well respected he was.

We express our deepest sympathy to his widow and family in the loss of a loving husband, father, and grandfather.

Norman was formerly owner of the Slipway Hotel, and latterly well known as keeper of the car park on the beach at Port Isaac harbour. He was also a fine singer and could give an excellent rendition of 'The Floral Dance'. He was Chairman of Port Isaac Fishermen Ltd., and of the Wadebridge and Port Isaac Labour Party.

Sylvia Reece, Jacqueline and Josephine, wish to thank all who sent messages of sympathy and gave support to them following the loss of a dearly loved husband and father, and for the many donations received in lieu of flowers, which were sent to the Save the Children Fund.

Trefreock Farmhouse, Port Isaac.

ARTICLE IV DIRECTION ORDER

Following my article in your Stop Press Edition at Christmas, the District Council has now been informed by the Secretary of State that he is not prepared to confirm the Order, which will, therefore, lapse on the 20th. April, 1986.

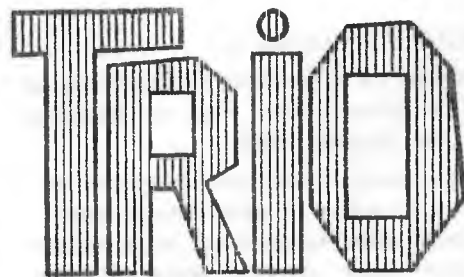

The Council is very disappointed with this setback as it will allow the Conservation Area to be subject to change beyond the control of the Planning Authority. Such change unless carried out sympathetically and in character will destroy the charm and distinctive qualities of Port Isaac. In an endeavour to suggest a

voluntary control on future change the Council has decided that a planning guide should be produced to indicate the acceptable principles of design and building work within the Conservation Area, irrespective of whether or not a formal planning permission is legally required. Local co-operation in making such advice effective in the future will be a top priority. To explain events over the last six months, and the future initiative which we have in hand, I have gladly accepted the invitation extended by your Parish Council to speak at your Annual Meeting on Thursday 17th. April, 1986.

Tony Philp,
Planning & Development Officer
North Cornwall District Council.

With help from grant funds, the Youth Group have started their film about Life in Port Isaac. It will be a long time before the film can be finalised as money will have to be raised to pay for the necessary editing work.

Tony Stickland of The Harbour Shop, recently broke his own eight-year British handicapped swimmers' 100m backstroke record by .4 of a second (1:14.66 for the 100m.) - only .6 of a second outside the world best. He has already been in two handicapped Olympics - Holland 1980 and New York 1984. All he wants now is to get the hat-trick and go to Seoul in 1988.

PARISH COUNCIL

Notes of the monthly meeting at Trelights Chapel Hall on Monday 10th. March 1986.

As usual, many members of the public were in attendance and were able to provide information from time to time about village matters concerning Trelights.

St. Endellion Churchyard Fund

On a vote of 7 for and 3 against, it was decided to increase the grant to £325 for the year 86/87.

Extension of Churchyard

The District Council need not take the responsibility of finding a new site so the Parish Council will meet the Glebe Committee to discuss the purchase of some land for this. The site being offered for sale is not cheap and is also adjacent to the B.3314 and could be affected by any future road-widening scheme.

Annual Parish Meeting

Of the guest speakers invited to attend, Mr. David, Heritage Coast Officer, Inspector Hawkey and Community Constable LeBailly, County Councillor Lander, a Fire Service representative, and Patricia Richmond, National Agriculture Centre Rural Trust, have accepted. The meeting this year is at the Church Rooms on Thursday 17th. April at 7.30pm.

Trelights Pump

Mrs. Holden has paid the total bill of £215.22 and the Parish Council are to contribute a sum which, together with the money from Trelights, will equal 50%.

Trelights Green

Councillors inspected the green, known in the village as 'Letter Box' [See Trio, May 1984], and will put the seat from the corner there, facing down to the road. They will also ask the Highways Dept. if they can erect white

posts with chains around the area. A sign 'Unsuitable for Heavy Vehicles' is also to be requested on the roads into Trelights.

Trees at The Barton

Of eight trees planted, only two are left. Application to be made to the District Council to see if contractors engaged in work at the Barton can be asked to replace them.

New Street Lights, Port Isaac

In the next two or three years, the lighting is to be brought up to the County standard. Old-style, white light, lanterns would be suitable for the old part of the village, but the request for these must come from the Parish Council. Councillors expressed the view that this type of light should be used throughout Port Isaac, Port Gaverne, and Trelights, and that orange ones should not be used at all.

Surgery Direction Sign

The Doctors are to be asked if they will put up signs at Tintagel Terrace and Hartland Road, to help strangers to the village find where the surgery is.

Trelights Turning B.3314

The Highways Dept. are to be asked whether they have plans to improve the course of the main road at Trecreege.

Bus Shelter, Trelights

Discussion of this item is to be postponed until after a Public Meeting in the village to discuss the use of some village funds.

Donkey Derby

Full agreement was given to an application by the Tintagel and Camelford Lions to run a Donkey Derby at the Playing Fields on 23rd. July.

Planning

Hills-the-Elder, single-storey dwelling adjacent to St. Peter's. Since this appears to involve

some demolition, the Planning Dept. are to be notified that the Parish Council wish to hold a site meeting before making any observations.

Public Discussion

Mrs. Haygreen said that she still supported the idea of a one-way system for Trelights. Sometimes it is necessary to back out into the main road if a large vehicle is encountered.

In answer to questions, Cllr. Dawe affirmed that the 'Jubilee' tree outside the Post Office will not be removed as part of the road works leading to his estate.

Small support of a local Cornwall Emergency Volunteers meeting raised the question of whether the Parish Council was in favour of the scheme. The Council has its own Defence Committee but this also has succumbed to a general lack of interest. Persons who feel that resources should be available for deployment if an emergency occurs, should contact Cornwall Emergency Volunteers, at Old County Hall, Truro.

ST. ENDELLION CHURCHYARD

I would like to remind all who have loved ones interred in the Churchyard at St. Endellion that by Law the placing of a memorial stone of whatever kind is not a right.

No stone may be placed in the Churchyard without a Faculty from the Chancellor of the Diocese of Truro, and this can only be approved subject to the consent of the Parochial Church Council and the Rector. The Chancellor however allows the Rector to approve the placing of a granite or slate headstone provided the design and lettering have been submitted to him either by the family or the monumental mason who has been commissioned for the work, and upon payment of the Statutory Fee, **before** the work is put in hand. All other monuments whether they be of marble, or curbed or of any design other than a simple headstone require a Faculty. All monumental masons in the area know the rules and are happy to help, but it is very important that before any work is commissioned permission is first sought from the Rector and Churchwardens - normally this can be done by the Monumental Mason, who also pays the Fee.

PORT ISAAC LIFEBOAT

The Lifeboat is now back on service for the summer season until 31st. October and is being crewed by 18 crewmembers. Since January most crewmembers have undertaken training in first aid, resuscitation, communications, ropework, and helicopter procedures.

In order to achieve a quick response to the emergency calls, will all people please refrain from parking in the area of the boathouse and the slipway. A delay in launching the Lifeboat might be the difference of life and death to the person in the water.

R.N.L.I. ART EXHIBITION

The Annual Art Exhibition of local artists in aid of R.N.L.I. was opened by Mr. Donald Elliott - the Chief Constable, Devon and Cornwall Constabulary. He said that he was delighted to open the exhibition. It was an example of good community spirit where the artists had got together, achieved a high standard of painting which, when sold, produced finance to further the R.N.L.I.'s lifesaving ability. When he was a young man out in a small boat off Anglesey, he was himself rescued by the local lifeboat and has always been thankful to the R.N.L.I. He presented a framed Certificate of Thanks from the Director R.N.L.I. to Mr. Frank McNichol in recognition of his work in organising the Art Exhibitions over the past 18 years. Crewmember Barry Slater was presented with a Service Certificate having served on the Lifeboat for 10 years.

COFFEE MORNING

A Coffee Morning in aid of R.N.L.I. funds will be given by Mrs. Enid Andrews at 'Seacroft', 8 Lundy Road, on Wednesday 14th. May, 10.30 - 12.00.
