

PISCES book, *A Taste of Port Isaac*, receives an award

Barbara Hawkins, Dee Littlechild and Cheryl Webster receive the Holyer an Gof certificate awarded to *A Taste of Port Isaac* - July 2013

... for PISCES (or Port Isaac Shared Community Exhibition Space) for *A Taste of Port Isaac* ...

This is without doubt the jolliest book in the competition – very colourful and attractive – and also the only book to be endorsed by the *Fishermen's Friends!* The word 'taste' here is to be taken literally – I don't remember a cookery book being nominated before, so this is a welcome first.

It is always good to see books published to support a worthy cause, but the Holyer an Gof readers also enjoyed the book on its own merits, being very taken with the quirky and humorous style, the yarns and the background information, and in some cases trying out the recipes, apparently with satisfactory results."
