St Endellion Community Land Trust/ Housing Working Group News *Nicola Williams launches Housing Working Group's call for land!*

Further to last month's article we had a really good turnout to our March meeting, and have sparked a healthy local following on social media where you can find us @STEND_CLT

Cornwall Council's (CC) Divisional member for Tintagel & St Teath & Cornwall CLT board member, Dominic Fairman, guided us through the process of establishing a CLT. The offer was open to attendees to stay on and form a Housing Working Group (HWG). Those who stayed reflect a broad section of local talents and interests and we are delighted Jo Taylor has offered to take the HWG chair.

We are now opening our 'Call for Land' and are keen to hear from landowners who'd consider selling land for affordable housing development. Plot values are capped at 10k, in excess of agricultural land value; must lie outside the Neighbourhood Plan settlement boundaries and should be suitable for a minimum of 10 houses <https://www.stendellionpc.com/neighbourhood-plan/> Good access is of course crucial, as is the infrastructure to support development. Please email me in the first

instance: nicolavickery29@btinternet.com or call 07974965624. Let's add our own blue dot!

**CHARITY
ROW**

*to raise money
for* **Port Isaac**
harbour repairs

Tuesday 12th April: 8am onwards
outside our Port Isaac office on New Road

164KM ROWING CHALLENGE

The locally based holiday letting agency, John Bray Cornish Holidays, has organised a gruelling 12-hour rowing challenge to raise money for Port Isaac Harbour repairs.

On Tuesday 12th April, the team will be outside their Port Isaac office on New Road, between 8am and 8pm, with the aim of rowing 164km – the equivalent distance of Land’s End to Port Isaac via the coastline! Using rowing machines kindly supplied by St Breock Primary School and the Port Isaac Rowing Club, it is hoped that members of the community will join the team on their row, to help achieve this monumental distance.

The agency, which has around 350 holiday homes exclusively along the North Cornwall coastline, was so moved by the plea from Port Isaac Harbour Commissioners for aid with much needed harbour repairs, it decided to take action. The owner relations team, property maintenance team, cleaners, caretakers, property checkers, marketing executives and administrators are taking time out of their day jobs in the Rock and Port Isaac offices, donning their lycra and tracksuits, and hitting the rowing machines to try and reach this milestone distance.

Jess Holman, General Manager at John Bray Cornish Holidays said “We are all excited about this challenge, and can’t wait to get started. We will need your help though! Whether you are a well-seasoned athlete or a novice rower, we would love it if you would join us on the day for a stint on one of our rowing machines. Any distance you complete will help us on our journey back to Port Isaac by 8pm, whether it be 10 minutes or an hour. Or simply come along and cheer us on – your support will be invaluable and there will be treats given out to everyone that gets involved.”

In addition to making this a fun community event, the team are looking to raise as much money as possible for this exceptionally worthwhile cause. They have set up their own JustGiving page, where any donations made will go directly to supporting Port Isaac breakwaters, an infrastructure essential to the survival of this small coastal community - bit.ly/JBCHRowingChallenge

Jess finishes “In the last few months, the community has raised over £60,000 to support the harbour infrastructure, but with the unknown costs of the much needed repairs, plus a need for ongoing maintenance, we, along with the Port Isaac Harbour Commissioners, feel it is important to keep a spotlight on the issue and continue raising funds. It is the best way to ensure the continued safety of the harbour at the centre of our village.”

For more information about the John Bray Cornish Holidays Rowing Challenge visit the office or call the team on 01208 863206.

Port Isaac Harbour Repairs

The amazing news is that the GoFundMe page for the Harbour Wall repairs has exceeded its target of £60,000. So many people have got behind this project and been so generous. Their support is so appreciated. THANK YOU TO EVERYONE.

Coming up throughout the summer there are various fundraising events planned - watch this space.

You might be the one we are looking for!

do you enjoy WALKS IN OUR BEAUTIFUL COUNTY? GARDENING? COOKING? GOING TO PUBS, RESTAURANTS AND CAFES? LIVE MUSIC EVENTS? TRAIN RIDES? BOAT RIDES? THE ISLES OF SCILLY?

Could you support adults in your local community to live a fulfilled life making the most of the opportunities around them? St Teath has two residential houses on Valley View Farm, Trehannick Road. Both house five adults with a mix of complex care needs. After what has been a very difficult few years for the care sector, we are looking for enthusiastic, kind and pro-active people to join us in enhancing the lives of those we support.

You are most welcome to arrange a visit for a drink and a chat, call us on **07900 162 380**

St Endellion Parish Council

Contract & Maintenance Supervisor Report

The weather's been very kind in the last few days. Feels like spring is really about to be sprung. If it's like this for Easter we'll have a great one.

The ground in the play area has dried out and the safety fence has been removed from the two new play items. I tested them out before the kids were allowed, just to make sure they were okay! The ground in that corner where the basket swing is was left in a rough state, due to the mini digger and wet weather. The damage has been repaired, however, this also means that the space needs to be protected 'til the grass has had time to sprout, so access to the basket swing has been fenced off, temporarily.

I know I've said that the basketball hoop will be up soon and I'm hoping that it will be, so when you read this it'll have been fixed for a couple of weeks!

Regular maintenance for the play area has been carried out, including repositioning the picnic table, litter bin and monthly inspection. Sometime in April the play area will have an annual inspection carried out by a RoSPA inspector. I'm hoping that the work I've done to check the play equipment and surrounding area each month is good, so that there's no major issues thrown up by this independent examination.

There's good news about the seal, named Seagull, rescued from Port Quin, late December. She was a young pup, suffering from internal injuries, abscesses and lung worm. As well as being malnourished. She's received treatment, including sessions in a steam room at the Seal Sanctuary and was well enough to be released at the end of February.

Up at the pinch-point on Church Hill Cornwall Highways have installed 2 lots of 4 skinny bollards in 3 months. None have lasted more than a few weeks. So, taking things full circle it's been agreed that the Parish Council will purchase 2 rebound bollards, that are much more substantial, and Cornwall Highways will fit them free of charge. This was suggested to them last year. Along with repainting the hazard lines on the road surface.

Paul from Biffa and myself have been in the back alleys again! Clearing the build up of leaves. Please let me know if there's anywhere we've missed that could do with some attention.

The kiosk in Main car park has new tenants, as previously reported. The lease has been signed, the keys handed over and it should be open by now. I'd like to wish Symon and Suzanne Lawrence all the best in their new venture.

After all the windy weather there were quite a few big branches and small trees down on the footpaths around the parish. It was a bit of a trudge, as I described last month, walking through the mud, but my dogs enjoyed it! And now I can report that all the debris has been cleared.

The area around the litter bin at Port Gaverne regularly floods and stays that way after heavy rain. The bin's been propped up on some large stones to make it easier for the Biffa guys to empty it, but it's still a challenge to throw anything away with the large puddle around it. I asked Cornwall Highways to take a look. Initially they agreed to clear the gully behind the wall to help the rain water disperse, but nothing happened. I made another enquiry and was told no work was required, even though I sent photos of the flood water. So, between Phil Burnard, who regularly carries out work for the Parish Council and myself we've cleared the build up of mud, soil and sand.

In the first week of filming of Doc Martin I received some complaints regarding the late evening shooting and the bright lights placed on top of Lobber. These households were all offered black-outs to be fitted, free, by the production crew, two families took up the offer. Doc Martin haven't been filming in the village for a couple of weeks the reasons are twofold; they have been away on location at Pencarrow, using green screen in a studio and unfortunately they were hit by a few cases of Covid.

My involvement with the filming has been to open and close the public toilets whenever, they've been shooting in the village and checking that everything is okay after they've wrapped for the day. For which there will be a fee to the Parish Council. I've managed to do a bit of driving too.

In the Main car park there's been a few things going on. There was a delay in getting the ticket machines, upgraded to registration input, as some parts were missing! Which I hope, fingers crossed will be completed by now.

Some kind soul fly-tipped building waste in one corner of the car park. This has been cleared now. Any budding fly-tippers should be aware cctv covers that part of the car park.

There's been a small development on the meteorological station, which is proposed to go on the roof of the Main toilets. The company Fugro have been in touch to check what they will need to do to prepare the loft space to accommodate the equipment. So, I assume it can't be long before it gets installed.

A little bit of anti-social behaviour has occurred around Port Isaac. Some graffiti on a road sign and someone thinks it's a good idea to tip a bench over on Port Gaverne Hill. The graffiti was cleaned off and the bench retrieved.

The wall on Overcliff has a few areas of damage. This has been reported to Cornwall Council via a couple of depts. Dangerous Structures and Countryside Access Team. The boardwalk at Pine Awn has also been reported in to the Countryside team as there is substantial erosion at one end.

Over the past month I've attending meetings including the Full Parish Council and taken the minutes. The parish's new Clerk, Beth Kendall, had unfortunately contracted Covid and has been quite poorly. Also a meeting of the Playing Field Development Working Party, taking the minutes for that too. I hope I've been able to help Beth settle into the new role, before she became ill, as have some of the Councillors.

Dee told me to keep the report short this month, only one page. I try to every month! But hope I've managed it this time!

If you'd like to contact me about any parish issues my mobile is 07494 589 638 or email: clarejonsten@gmail.com

Mrs L's Lentil Dahl

I make this one as an accompaniment when I make a chicken curry but it is delicious and would make a lovely lunch with a naan bread or some roti, I add I chilli but if you like it hotter you can of course add as many as you like, it is very healthy and I believe vegan. This is lovely reheated and will freeze well to save for a later date. It is supposed to serve four.

½ tablespoon of coconut oil
1 onion finely diced

1 red chilli deseeded and finely diced (add more and/or leave the seeds in for a hotter dahl, less if you don't want it too spicy)

1 tsp cumin seeds
2 garlic cloves

1 tbsp medium curry powder
250g red lentils

400 ml tin light coconut milk
400ml vegetable stock

Generous handful of spinach leaves
2 tbsp fresh coriander chopped (optional)
Juice of ½ lemon

2 tbsp flaked almonds toasted

Heat the coconut oil in a lidded saucepan and gently fry the onion and chilli for 3-4 minutes.

Add the cumin, garlic and curry powder and cook for a further 1-2 minutes before stirring in the lentils, followed by the coconut milk and stock. Cover the pan and let it simmer for 15 minutes or until the lentils are softened.

Add the spinach and once it has wilted, stir in the coriander (if Using) and some salt and pepper.

Serve topped with the lemon juice and toasted flaked almonds.

PORT ISAAC RNLI WILL BE HOLDING A

Colour the Easter Egg and count the number of each shape.

Planning Applications

Members considered these planning applications and made the following responses to Cornwall Council:

- i. **PA22/00774**, Maylands Port Gaverne Port Isaac - proposed two storey extension to the side of existing dwelling **NO OBJECTION** with ref: *Members expressed concern over the level of light pollution the proposal will cause in such an elevated key position in mid to distant views. Members request a condition to limit the lumens in an agreed lighting scheme which explicitly forbids any exterior lighting, other than that which is required for safety reasons at foot level. Members reserve their overall recommendation to this comment.*
- ii. **PA22/01495**, 11 Rose Hill Port Isaac - Listed Building Consent for the replacement of roof slates and associated lead flashings, with repair of existing timbers and installation of bat-friendly underfelt. **SUPPORT**

Other Planning Matters – information only.

- a. **Conservation Area Assessment and Management Plan (CAMP)** – Cllr Williams has been in contact with David Slatter RTPi RIBA, Town Planning Consultant who explained this has not occurred before, therefore, Cornwall Council may well be able to provide part funding as this would create a template for other parishes going forward.

Planning Applications Approved by CC – information only.

- a. **PA21/12407/ APPROVED**, The Rectory St Endellion - Works to trees subject to a Tree Preservation Order
- b. **PA21/12017/APPROVED**, 20 Dolphin Street Port Isaac - Listed Building Consent to replace existing roof slates
- c. **PA21/02070 /PREAPP Closed**, Cornerstone, Land South Of Brentons Park Trelights - Pre-application advice for installation of a 20m electronic communications monopole mast complete with 6 antennas, 2 radio equipment cabinets and development works thereto.
Cllr Penny enquired if it was possible to check what advice has been, on behalf of the Parish Council, Cllr Williams will make enquires
- d. **PA21/11710 WITHDRAWN**, Westaway Trelights Port Isaac - Conversion of existing barn to holiday let, including small extension to residential curtilage to provide additional parking space
Cllr Williams added that the withdrawal of PA21/11710 Westaway was aided by Cllr Penny's additional information thanking him for his contribution.
- e. **PA21/12033 / APPROVED**, 3 Overcliff, Port Isaac- Replacement of four windows on northwest elevation plus one window southeast elevation.

St Endellion Housing Working Party (STEN HWP)

Cllr Williams reported that she had found a Housing Needs Survey from 2014 containing the structure required to be repeated in a fresh survey, which may require funding. She has concerns regarding the number of people in unsecured rented accommodation. It's necessary to recognise and anticipate those who may become homeless. Nathan Outlaw has offered an entry into a prize draw for anyone who competes the survey.

Highway Matters –

a. Residents Parking

- i. *Access to decorative gravel area* - there are now 4 applicants who have submitted partially filled in forms. Only 1 has obtained information regarding the requirement or not for planning permission. Without this there can be no progress. Clerk to contact the other applicants to ask them to follow this up.
- ii. *Unused Pavement Outside No.9 Hartland Road + Separate Area* - Before this proceeds a further area of unused pavement should be confirmed with the residents of the nearest property.

b. **Bus Shelter** – Members to consider the provision of a shelter - As Cllr Arnold was unable to attend Cllr Kirkman explained there are up to 8 school children who catch the school bus at the junction of B3314 and the turning to Trelights. At present there's no cover for them during bad weather. Therefore would it be possible to have a bus shelter erected? There are other younger children living in Trelights who will be coming through during the next few years and would benefit from a shelter. It was also suggested that bus shelters could also benefit the residents of Port Isaac, near to the War Memorial grass verge. Ms Jon to make enquiries with Cornwall Highways.

c. **Preliminary designs for Port Isaac Highways Scheme** – details emailed. Cllr Williams displayed the various crossings on the projector for Members to see in detail. Starting at the proposed crossing near Daisy Hicks Corner. The scheme proposes leaving the pavement in place but creating a surface unsuitable for walking over. The Members felt that signage along the lines of 'no pedestrian access' would be required for pedestrians coming from the Central Garage direction, so that they cross the road before getting to the corner. The recommendation to remove a sign with 'village Centre', as this detracts from the commercial area at the top of the village.

The positioning of the crossings was checked. There is potential for driveways to houses becoming blocked by pedestrians, but with the placement of three crossings throughout the top part of the village this should be mitigated. The crossing nearest to the Main car park may benefit from the 'village centre' signage as it would encourage visitors to cross at this point rather than further down the road..

Miscellaneous Items

- a. **Ticket machines upgrade and Electricity Supply** – The upgrade for all 3 machines is scheduled for Thursday 17th March. All machines are now connected to mains electricity supply.
- b. **Fly-tipping in Main car park** - Cllr Penny & Collings asked for more information regarding the waste dumped. The items included large pieces of thermal insulation, broken plastic crates etc. Cllr Penny suggested looking into trying to cover this area with cctv.
- c. **Trelight Village Green** - 45 'stepping' stones have been purchased to make a path across the village green to the benches. Members AGREED
- d. **BT** – confirm the Church Hill telephone box has been added to the 2022 painting programme including a new door. Dates to be confirmed but normal completion April to September. The Parish Council has returned to Face-to-Face meetings and members of the public are invited to attend, however, numbers will be limited and anyone wishing to meet with Members should Contact the Clerk by noon on April 11th 2022.

Beth Kendall, Parish Clerk

Volunteer Opportunity at Endelienta and North Cornwall Book Festival!

We are looking for new people to volunteer at our concerts, authors talks and family events at St Endellion. Our dedicated volunteer team is an essential part of what we do at Endelienta and NCBF - bringing an amazing programme of music, literature, visual arts and family events to North Cornwall.

Volunteering with us is an amazing opportunity to:

- Meet new people, become a part of a warm, enthusiastic team.
- Make a meaningful difference to your community, promoting the Arts in North Cornwall.
- Learn new skills and gain experience in an Arts environment.
- And attend amazing concerts and events for FREE

To find out more, email Plum (our Artistic Director) at: plum@endelienta.org.uk, and visit our website: www.endelienta.org.uk/support-us/volunteers/

Pauline Stephens

Pauline died peacefully at West Cornwall Hospital on March 12th 2022.

Her funeral service will be at St Endellion Church on Tuesday 5th April at 2.30pm and afterwards at Trevathan Farm.

Family flowers only please. Donations in lieu for Cancer Research UK can be made via the Memory Giving website, by retiring collection or c/o R J Bray & Son, Funeral Directors, Egloshayle Road, Wadebridge, PL27 6AD. Tel: 01208 812626.

Upcoming events at St Endellion

Saturday 2nd April, 10am-12pm
St Endellion Parish Hall (next to the church)
Endelienta Make Club - Rocks £5 per family

Roll, print, draw and paint to create your own rock layer artwork. Each month we have new creative ideas to keep the whole family busy. The Make Club is a fun space to explore, create and get messy. Each workshop is led by inspirational artists and makers and there are always enough materials available for caregivers to participate as well.

Saturday 30th April, 7.30pm St Endellion Church
Joyful Company of Singers
£10 | Accompanied under 16s free

The Joyful Company of Singers are known for their virtuosity across an astoundingly wide repertoire. The choir has had successes in national and international competitions, have performed at several leading UK festivals and have been broadcast by both the BBC and Classic FM. This concert's pieces were composed in the last century – featuring the works of James MacMillan, John Rutter, John Tavener and David Mitcham. The concert's centrepiece is Malcolm Williamson's Symphony for Voices, setting texts by Australian poet James MacAuley.

To book tickets, visit: www.endelienta.org.uk

Remembering ...

Alan Davies

1939-2022

It is with great sadness that we announce that on March 9th 2022, Alan Davies, beloved husband of Edna and much-loved Dad of Susan and Louise, passed away.

Alan was a Staffordshire boy. One evening in 1957, he went along to Cannock Youth Club – someone had heard he liked to paint and had roped him in to paint the scenery for a play they were putting on. Very quickly he was given another job – he was persuaded to actually go on stage as a character

called Mr C A. Playing his wife was 16-year old Edna and within months Alan and Edna were engaged and, a year later, in December 1958 they became man and wife in real life, a union that lasted for over 63 years. Married life began living with Edna's parents whilst they saved enough to buy their family home where they had two daughters, Susan who was born in 1973 followed by Louise in 1974.

It was in 1975 that the family first came on holiday to Port Isaac and fell in love with the village and they bought their home on Trewetha Lane in 1984. Eventually, in 1999 when Alan retired, it became their permanent home.

Alan was a Design Engineer and in 1978 started his own company. When asked what he had designed his answer was always "all sorts of things". He was never happier than when he was designing and making things. This overlapped into his hobby of fly fishing and he spent hours making his own flies. He also loved to paint.

He was a quiet man but it wasn't long before his designing, making and painting talents were spotted. Over the years he was on the Village Hall Committee, he helped make the Santa Sleigh that toured around the village for a lot of years, he helped with the Christmas lights, he never said no when the Gulls asked him to help with their sound or their Carnival ideas, and he became the Panto Props man ... and what a Props Man he was, his motto was "if a jobs worth doing, it's worth doing well". You wouldn't have found a better ship's wheel on an ocean liner! All the time Edna was by his side and they were inseparable, walking round the village hand in hand.

The only request Alan ever refused was a part in the Port Isaac panto, but then he had no reason to go on stage again. He had done that before; he had found his very own leading lady and they lived happily ever after.

Thank you

Edna, Susan and Louise would like to thank everyone for their kindness, support and generosity and for the cards, gifts and flowers received.

ASTRONOMER KEITH WILLIAMSON

TAKES A LOOK AT THE SPRING NIGHT SKY

For this period we will look at what the best objects are to view for the next 3 months.

First of all we will take a look at The Sun, what is happening and what effects this has on us. The Sun is starting to come out of its slumber and wake up, by this I mean becoming more active with sunspots, prominences and flares. This effects up by increasing the chance of seeing Aurora or Northern Lights. In order to see Aurora you must have a clear northern view, the best place is at the top of Roscorrock Hill or from the platt. What you will see from Port Isaac is a greening of the sky close to the horizon, of course photographically it will be far better.

A showpiece of the spring night sky is the Beehive Cluster at the centre of Cancer the Crab, it requires binoculars to show this object in all its glory. You will find this object due south at 8pm, each night it will slowly move to the west, at the end of spring it will be due west at 8pm.

To the North, easily visible from the Platt is Ursa Major (The Plough), looking at the pan handle you will see that the middle star names Alcor is a double with its partner Mizar close by. Telescopes will show this is more than a double.

Due south through April into May will be Leo and Coma Berenices which contain many galaxies, star cities external from our Milky Way. You will need a telescope to see these galaxies but through the two constellations you will identify many galaxies from the well known M65 and M66 to M96 and the Black Eye Galaxy M64.

As we cross into May you will see the summer constellations rising in the east as the night goes on, The Milky Way will become visible in the eastern and southern skies as the night moves on.

Planets visible through the spring will be Mars, Saturn, Venus and later Jupiter in the early morning eastern skies rising a little earlier each night.

In order to see the night sky and positions of objects many apps and free programs are available on the internet. I personally use Stellarium and really useful night sky map program. There is an on-line version on my website www.outreachastronomer.co.uk.

Websites of the Month

The Internet is an amazing source of information in all sorts of areas. One particular issue that has become important in recent times concerns how accurate this information is, and there are no websites that specialise in providing fact checking, and sources of reliable data.

Over the past couple of years, we have become used to members of the government and medical experts holding press conferences with charts and graphs of how our efforts to overcome covid are progressing. Since we have had all restrictions lifted, we have not had those figures, but they are still available – should you want to see them – on the internet.

The place in the UK where you can find a lot of information, is the Office for National Statistics (<https://www.ons.gov.uk>), and here there is a wealth of well-presented data about such things as our health, income levels, and population change. As I write this, the office of national statistics has published information about inflation, which we will all be aware of, as the cost of living has been going up so fast. It also allows you to drill down in the data so you can see what quite small areas of the country are experiencing relative to others. The other big government source of data is the public health 'dashboard' <https://fingertips.phe.org.uk> and while it is a bit complicated to use, it is an unusually comprehensive dataset, by comparison with many other countries. So, you can explore the state of the nation's health from many different perspectives.

While these are the main government websites, there are lots of others which present the data in different ways, some of which, while interesting for everyone, will be particularly helpful for children or teachers. So here is a selection of some of the ones that I find most useful.

Our World in Data <https://ourworldindata.org> – has recently expanded with the coming of covid as they received substantial funding from a variety of sources (you can read about it on the website) to extend their work so that much more is now available. It is edited by a team from the University of Oxford. Their aim is to provide the facts and figures that address the most pressing problems the world faces.

Worldometers <https://www.worldometers.info/> has a rather fun homepage, which shows a series of different indicators of human activity throughout the world, in real time. For example, you can see a counter increasing the world population on a second by second basis. It is close to 8 billion (thousand million) at present, a big increase from when people of my generation were born, when it stood at about 2.5 billion. It also can tell you much more and in great detail, for example, how many mobile phones were sold today (2.5 million) useful for Trivial Pursuit games! The only problem with this site is that it has a lot of adverts.

The Doomsday Clock - <https://thebulletin.org/doomsday-clock/> - is a website that uses the best data it can find to warn us about how close we are to destroying our world with dangerous technologies of our own making. It was created in 1947 by physicists and others when the greatest danger to humanity came from nuclear weapons, from the prospect that the United States and the Soviet Union were headed for a nuclear arms race. As they say on their website things are not looking good on a number of fronts, and when they last changed the clock, it was 100 seconds to midnight. While a bit gloomy, it at least has the saving grace that it explains what we are facing right now.

On a more optimistic note, my favourite website in this area is called Gapminder <https://www.gapminder.org> and it was set up by a truly wonderful doctor called Hans Rosling. He was famous as an educator – his TV programmes the Joy of Stats (some clips can be seen here <https://www.bbc.co.uk/programmes/b00wgg0l>) was very successful and his book Factfulness has been a best-seller for some years. The subtitle of the book is "Ten Reasons We're Wrong About the World – and Why Things Are Better Than You Think" and in times we are going through a book like this is a good antidote to being overly gloomy. The site has been set up by his children, following Hans Rosling's death a few years ago, and it continues his work, showing how wrong we are about the progress we have been making globally (despite recent very apparent setbacks) and how we need to remember what has been working well, so we don't lose it. There are many quizzes, videos and handouts on the site and lots and lots of materials all free to download and share.

Talk & Trips 2022

Talks & Trips is a group that meets in the Village Hall and has an Arts focus. It offers Art Talks and Trips around Cornwall to galleries and is linked to *Tate St Ives* through their *Look Group* Programme. This enables curated tours of exhibitions and an opportunity to meet other people from different *Look Groups* across the county .

The first of these trips will be on **Saturday April 23rd** to *Tate St Ives* to discover the artist *Thao Nguyen Phan* and her work reflecting on the Mekong River The exhibition will intertwine folklore and myth with urgent issues around rural, industrialisation, food security and the environment. The artworks consist of videos, silk paintings and mixed media work.

There is also an opportunity to listen to three talks by *Olive Maggs* an Independent Art Historian, Adult Educator and Freelance Lecturer at the *Watts Gallery* in Guildford Surrey. The first of these - *What brought the first artists to Cornwall* - will be held in the Village Hall on May 12th at 7pm (bar open) - FULL DETAILS NEXT MONTH.

For times and transport please contact *Caroline Cleave* 07966501156 better still there is now a watts app group for you to ask to join for future 'Talks &Trips' which will share the information too.

St Peter's Church

Hopefully we have now seen the last of the gales and the damage they did to the church. We had damage to the roof repaired one week only for further tiles to be lost in the next storm for which the church has to pay.

We look forward to the weddings we have booked for later in the year and in the next few months we will have details of other activities we have planned.

Easter services will be held on Maundy Thursday at 7pm and Easter Sunday at 9.30am, everyone is welcome..

St Peter's Church wish everyone a Happy Easter with plenty of Chocolate Eggs for the youngsters and we look forward to seeing you at our morning services.

Pat Pearson

Spring is here ...

Jobs to do in April

- Protect new spears of hosta foliage against slugs
- Deadhead daffodils to stop them wasting energy on seed production
- Prune hardy fuchsias
- Camellias may need picking over as they are reluctant to shed their old flowers
- Raking/scarifying lawns to get rid of moss adding grass seed to bare areas
- Prune hydrangeas cutting old stems to ground level
- Sow hardy annuals and wildflower seeds direct onto the soil where they are to flower
- Plant well-sprouted early potatoes

Did you know?

Potatoes are natives of the high Andes and were found by the Conquistadors in 1537, then introduced into Europe in 1570. Consequently they weren't mentioned in the Bible and so were believed to be the devil's food. Catholic Ireland got around the problem by sprinkling them with holy water and planting them on God's Friday - the old name for Good Friday.

Plant a Cherry tree

New breeding and better rootstocks have arrived over the last 40 years and this is an excellent time to plant one of the more recent varieties. Many are now grown on Gisela rootstock which produces a 3-4 metre tree which will fruit in only 3-4 years, which makes an excellent choice for a small garden. Plant the tree on a sunny site and sheltered, in well drained soil. The shallow rootstocks mean that they will not survive in waterlogged ground. They will also need permanent staking due to their shallow roots.

Did you know?

The Japanese admire cherry blossom and hold special ceremonies every spring during a national holiday calculated to coincide with the blossom. The cherry orchards of eighteenth-century England were also popular with tourists. Paddle-steamers would ferry visitors up the River Tamar from Plymouth to see the orchards on the slopes of the valley when the blossom was in its full glory.

Daffodils have been seen in England since the 17th century. However, the farming of daffodils for cut flower sales did not start until the late 19th century, and Cornwall is one of the worlds major suppliers of daffodils, harvesting around 900 million stems per year!

A little quiz for you ...

answers at the bottom of the page

1. What is the name of a popular garden flower from the onion family that often has large purple, globe-shaped flower heads?
2. What connects tagetes and calendulas?
3. Who wrote the lines, 'When all at once I saw a crowd, a host of golden daffodils'?
4. Which flowering plant connects the following words: Madonna, Easter, water lily, tiger?
5. What plants do galanthophiles collect?

Beat the Spring Drought

Our weather is always unpredictable and we can't do anything about variable temperatures or sunlight hours. However, we can retain moisture by mulching and spring is a good time to do this. Mulching will also help to keep weeds down.

LITTLE QUIZ ANSWERS
1. Allium 2. They are both called Margolds
3. William Wordsworth.
4. Lily 5. Snowdrops

Happy 40th birthday to Trio

This month celebrates the fortieth anniversary of our parish newsletter *Trio*. It was the brainchild of Robin Penna, who was impressed by a copy of a Grantock village newsletter and thought we needed one here. Being a member of the Village Hall committee, he put his idea forward to them. Whilst they thought it an excellent idea, funds were unavailable. Anyone who remembers Robin will know that would not deter him and he actually paid for the first edition himself, with advertising offsetting the costs of subsequent editions.

Originally called *News*, it was mainly put together by members of the Village Hall Committee. Kathie Carney was the first editor and being a touch-typist did much of the typing. Robin was not a touch-typist but supplemented this task with his two fingers pecking away at the old typewriter he used, before laying out the newsletter by cutting out the individual articles and pasting them onto the pages ready for copying. Yes, 'cut and paste' was literally what you did in the old pre-computer days! Robin also duplicated all the copies, which were distributed through local shops. Fred Thompson was tasked with seeking out the advertisements and chasing up the payments to keep the project afloat.

The content of that first edition covered reports of village clubs and organisations, recipes, wines, and a useful calendar of 'What's On', as well as Robin's report of Parish Council meetings. This set the style for subsequent editions, right up to the present day. The June 1982 edition was the first to carry the name *Trio*. This was suggested by Gwen Billing as it covered the three communities of Port Isaac, Port Gaverne and Trelights. Those early editions were well received with a good write up in the *Cornish Guardian* and the Cornwall Rural Communities Council not only awarded a grant to cover the costs of that first edition but wanted to use *News / Trio* as an example for others on how to produce a community newsletter. It also went on to win awards for the best village newsletter.

The village hall committee eventually found it could not devote the time needed so, in October 1983, Robin Penna took on the whole task of producing *Trio* each month, only missing the one for August 1989 when he was in Treliske for an operation. He carried on until his last edition in April 1999. Dee & Sam Littlechild took over to produce subsequent issues from May 1999, and this year's February *Trio* was actually their 250th one.

The method of production has changed over the years. It was simple duplication by Robin until 1997 when he closed Blackthorn Press. The ever helpful Francis at Wakefields of Camelford took on the printing task for the next decade. When he

retired in 2007, Dee and Sam brought the printing inhouse with an all singing, all dancing, machine that received the copy direct from Dee's computer, then printed, collated, and stapled all the copies. That original machine was in black and white, but a new one was later acquired such that the Christmas 2011 edition was the first to be printed in colour.

The last 40 years has seen Robin's brainchild go from a four page duplicated newsletter to the 28 page full colour magazine we enjoy each month now. Shortly before he died in May 2009, Robin passed over the complete set of his *Trios* and asked for them to be made available for future use. Thanks to the sterling efforts of Dee, every single page was scanned in to produce digital copies of each edition. Port Isaac Heritage has now put them all on our website www.portisaaacheritage.co.uk so 40 years of Port Isaac's history is there to view. What's more, it is fully searchable so you can find what you want in just a few clicks.

Spring is here!

Spring has sprung at Port Isaac School. We have been bird watching for the RSPB Big Schools Birdwatch. We are planning ways to develop our outdoor space for the children and animals that use it. Our School Council are improving our recycling facilities and creating some quiet places to sit and read or chat. Class 2 have been studying plants and flowers. They have dissected and painted them. Here are some work by our little artists.

news & views from Port Isaac School

We ended March by making a special treat for all our Mums, Nannies and Aunties. Premier Inn Wadebridge kindly donated jam and cream and Kat Coleman baked scones for every child to make their Mothers Day baskets extra special.

NEWS

PORT ISAAC · TRELIGHTS · PORT GAVERNE APRIL 1982

Published by the Village Hall Committee & distributed free

Editorial

Like me, I'm sure you've often been asked "What on earth do you do here in the winter?". My response is "If you have a fortnight to spare I'll tell you." Few though we are in number, we generate a lot of activity winter and summer: lunches and dinners for numerous charities; jumble sales; concerts; fancy dress dances; meetings of the various political parties - not that the last two activities are necessarily connected. We can proudly boast one of the most successful choirs in the South West; a thriving amateur dramatic group; and Freddie Ross will soon have to consider building a gallery on to Port Gaverne Hotel to accommodate the output of Frank McNichol's art class.

Unfortunately we are a small community with a large communication problem, especially since the old school was closed making us effectively into two separate entities: "them up top" and "they down there" One half of the district doesn't know what the other half is doing. . . we all miss out on something. To this end some of us conceived the idea of a community newsletter which will contain, among other things, a monthly Calendar, 'For Sale & Wanted', recipes, news, letters, etc. So send us your news and views. It matters not a jot whether your grammar is good, bad, or indifferent; whether or not you can spell - let our sub-editors take care of such trivialities (if they can't take a joke they shouldn't have volunteered!). If you are shy of using your own name we will accept nom-de-plumes.

MATERIAL

Items for inclusion in the 'Calendar' page should be given to Lis Fletcher, Wesley House, Middle Street, Port Isaac, telephone Port Isaac 573. Lis may also be able to advise you if another organisation has arranged a function on any particular day.

Mrs. Jones at Trelights Post Office has very kindly offered to accept material for the newsletter but since this will have to be posted to Port Isaac please ensure that items are in by the second Thursday in the month.

Port Gaverne Hotel

Monthly

This newsletter is going to be published every month. It is intended that it will appear on the third Saturday each month. All advertisements, reports, Calendar dates, etc., must be submitted by the second Saturday in the month. Items received later than this date will not appear until the following issue.

The newsletter will be available, free of charge, at all three newspaper shops (The Bay Gift Shop, The Harbour Shop, and Mrs. Jones' Post Office at Trelights). The cost of printing, etc., will be paid for by the advertisements.

ADVERTISING

To advertise in this magazine, send your copy to Fred either at 18 New Road, or 9 Dolphin Street, Port Isaac; together with the appropriate payment. The cost is £1.00 per 6 lines. 'For Sale & Wanted' ads. are 4p. per word, min. 4 words.

COMPETITION

It is intended to have some form of competition each month and the first one is for a suitable name for the magazine. This should take the form of a three or four letter word which suggests the idea of a way of combining the news of Port Isaac, Trelights, and Port Gaverne (The St. Minver magazine is called 'LINK' for example). Entries must be with us by the second Saturday in May (actually in this case it will be the 15th.) and the winner will be announced in the May issue. The prize is to be £5.00.

Correspondents

Your articles wanted on any subject - length up to about 200 words please. Farming, Gardening, Bell-ringing, Cars, Football, Sport, Poetry, Letters, Stamps, Motor Bikes, Keep Fit, Problems, ...

Thanks

Thanks to Archie and Matthew who helped with the printing.

Parish Council - report of April's meeting

Wall and Steps, Port Gaverne.

Since the County Council have said that they are not responsible for the beach wall which is eroding, it is hoped that the National Trust may take care of the problem. The steps from the old quay are becoming dangerous and a warning notice is to be erected until repair work can be carried out. Tenders are to be sought for the work.

Light in Margaret's Lane.

A quotation for £115 to fix the light with a meter and time switch was accepted. The householder whose wall the light will be placed on is willing to co-operate with the scheme. It was asked for the matter of the extra light in Church Hill to be put on the agenda for next month.

Overhead Lines, Playing Field.

Concern expressed at the possible danger to users of the field. SWEB to be asked whether possible to divert these (11kv) lines away from the playing field.

Pinehaven - Port Quin Path.

The Countryside Commission are making representation to the Secretary of State to request the creation of this missing stretch of the South-West Coastal Footpath. Decided by the Parish Council on a vote of 5 to 2 against, not to support the application.

Right of Way Agency.

As from April 1st. this year all footpath matters to be dealt with by Cornwall County Council, Truro. Any enquiries

to be directed there instead of the local Council offices as formerly

Countryside Subject Plan.

A document about as thick as a telephone directory, dealing with Areas of Outstanding Natural Beauty (eg. Port Isaac) to be circulated among the Parish Councillors whose comments are sought by 30th. April. A poster is also to be displayed.

Annual Public Meeting.

To be held on Wednesday May 5th. Mr. Owen, Area Housing Officer unable to attend and not normal practice to send a deputy.

Wall Along Footpath, Overcliff.

Plans received for the project, to be done as a 'Springboard' Youth Employment exercise. Quotation for materials about £2000 but possibility of 50% grant from County Council. Fears expressed that wall would reduce width of path but since it was thought that the path only used by hikers not thought to be serious problem.

Lundy Road, Adoption?

On receipt of plans for building development it was asked whether the road was suitable for additional use. Feeling, however, that adoption not desired by occupants.

Next Monthly Meeting.

As usual on the second Monday in the month - 10th. May, at 7.30pm. in the Church Hall Kitchen. Members of the public may attend these meetings to hear the discussion, but they are not allowed to participate.

Motor Cycling

Grass-track motor cyclist, Alan Chapman of Trelights, has been sponsored by Truro Pottery who have presented him with a new cycle and a set of racing leathers.

R.S.P.C.A.

A dog belonging to a North London couple on holiday in Port Isaac, had to be put to sleep after being severely injured in a fall from 'Overcliff' at Port Isaac. It has been suggested that a notice should be put up to warn visitors of the danger at this place. If any animal is in need of help, ring: Inspector Locke, Trebetherick 2719 9 - 9.30am. Monday to Friday. At other times: Perranporth 3024

Playgroup

Last month the Playgroup raised £172.00 from a jumble sale on March 20th., the Sun Dance at Port Gaverne Hotel on March 26th., and the sponsored walk on March 28th (all the children who entered completed their 5 laps of the playing field). The result of these efforts will be 6 new tables. These tables will actually benefit all Church Room users. Mr. and Mrs. Cann have very kindly offered to sell hot dogs in the village during the summer for the same cause. We would like to thank Mr. & Mrs. Ross and their staff for their hard work in holding the very successful Sun Dance.

CALENDAR

REGULAR EVENTS

W.I.Meetings, second Thurs. every month, in Village Hall at 2.30pm.

Whist Drives 1st. and 3rd. Monday of month at 71 Fore Street, in aid of Church Funds

P.I.P.

The Port Isaac Players will be performing three comedies on Mondays during the coming Summer Season: 'Cat on the Fiddle' in 3 acts, and 'Three Bags Full' and 'Mad Hatters in Mayfair' both 1 act plays. Full details will be announced in later editions.

Recipe MACKEREL WITH HORSERADISH

For 4 people:

4 medium size mackerel,
 $\frac{3}{4}$ pint milk, 1 bayleaf,
6 peppercorns, 1oz. butter,
1 onion peeled and finely chopped, 1oz. plain flour,
2 level teaspoons horseradish cream, salt and pepper. Watercress and tomatoes to garnish.

METHOD

Clean and fillet mackerel. Lay in ovenproof dish, pour on milk, add bayleaf and peppercorns. Cover with foil and cook on centre shelf of oven at 375° F (gas mark 5) for 20 - 30 min. Carefully lift fish onto plate and keep warm while making sauce. Strain and keep the liquor. Melt butter in pan, add onion and fry slowly until soft but not brown. Remove from heat, stir in flour, and gradually blend in liquor. When smooth return to heat and bring to the boil stirring all the time. Stir in horseradish and seasoning to taste. Arrange fish back in dish, coat with sauce, and add garnish if required.

Wine of the Month

The traditional wine for April is Dandelion and the flowers are supposed to be picked at midday on St. George's Day - nothing to do with Piskies or Witches' Brew - simply that it's best to pick them at this time of the month and when the sun is on them and all the little insects have come out of them! To measure the amount of flowers simply use a pint measure and fill it without pressing the flowers down.

INGREDIENTS

6 pints dandelions, 3lbs sugar, 2 lemons, 1 orange, 1lb. raisins, 1 cup strong tea or 1 teaspoon grape tarmin, yeast nutrient - a packet of wine yeast + water to make 1 gallon of wine.

METHOD

Pick the flowers off their stalks, put into a bucket and cover with 6 pints boiling water. Cover tightly and leave for 2 days, stirring twice daily. Now turn into a boiler add grated rind of the orange and lemons, pour in sugar, and boil for an hour. Return all to the bucket and add the juice and pulp of the orange and lemons (get rid of as much of the pith as you can as it can give a bitter taste to your wine), stir well and allow to get very cool. Add the tea, yeast nutrient, and yeast. Let it stay closely covered in a warm place for 3 days, stirring twice daily. Then strain into a demi-john. Put the raisins into a colander and pour boiling water over them. When cool add to the wine in the demi-john, fit it with an air-lock and leave until fermentation ceases. Rack when it clears. Wine made this month should be ready to drink at Christmas.

PORT ISAAC WINE CIRCLE?

If you are interested in wine making, contact Mrs. Sylvia McCrohon at the Harbour Paper Shop.

Got Waste? We'll collect it!

Our convenient service guarantees your arriving guests are not greeted with someone else's rubbish bags.

We clear the bins for your guests, on their week of arrival, so no one is left to put out other people's rubbish for collection. Not only do we offer holiday home waste collection, we collect all waste from weddings and private parties, whenever needed.

About recycling. RECYCLING FOR CORNWALL:

FREE clear recycling bags are given to encourage more people to recycle.

We recycle glass to produce NEW LIGHT BULBS

Our recycling services include a number of recycling options, from paper waste and cardboard to metals, plastics and glass; allowing you to choose your service that suits your business requirements.

****We can combine our General Waste & recycling collections all on the same day...

We are open 6 days a week

Collections start at 5am • Office opens 8am until 5pm
